Re: C&C Commercials Ltd

We have worked with Craig and his team since 2012 and can honestly state that in the last 9 years we have had nothing but praise for the quality of their paint processes, and for the professional manner in which they approach the technical and design aspects of the paint finishes applied our horseboxes.

The quality of their work makes our brand stronger.

The attention to detail and a can do attitude is something that we value as much as the quality of the finished products.

The customer service levels are also beyond expectation and this element alone is so valuable to our company.

We are confident that they will continue to provide us with a continuing very high level of skill and customer service for us for years to come.

Should anyone wish to contact us directly to allow us to offer a personal statement of the value in which we hold C&C Commercials, we are only a phone call away.

Your faithfully

Chris Newman
